#### **Privacy Statement**

The Mathematical Association of Victoria (MAV) respects your privacy. This means that we have adopted the privacy principles contained in both Commonwealth and State laws and have established clear internal guidelines about the way we gather and use your personal information. We gather this information solely to manage your membership and the services that we provide to you. We will not collect information that does not pertain to this. In order to serve the purpose of the Association—Valuing Mathematics in Society—and to improve the service we provide, the MAV may use collected information for evaluation and research purposes. All collected information will be protected against loss and unauthorised use or disclosure. The MAV will not disclose individual information to third parties without seeking permission first. You will always be able to request access to associated information. **VER2008.1**
