

Let's take some Maths300 lessons:

- Garden Beds
- Algebra Walk
- Newspaper Shapes
- ...and a few others.

### Visualisation

### Questioning

- Looking
- Searching
- Seeing
- Making sense
- Understanding

### Learning

### Garden Beds

- Surround a flower bed of one square with tiles like this:

How many tiles?

- Now build a border around a flower bed of two squares. How many tiles?

### Garden Beds

- Now try building borders around flower beds of 3, 4, 5 squares. Each time record the number of tiles you need in a table like this

Size of bed	Number of tiles
1	8
2	
3	

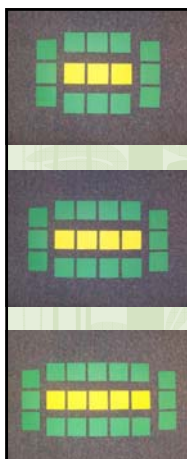

- Your challenge is to predict the number of tiles which would be needed for any size flower bed. Eg. What if the garden bed was 100 tiles long?

Expressing  
generality

**Visualising  
generality**

Say what you see.

---

3     $2 \times 3 + 6$

4     $2 \times 4 + 6$

5     $2 \times 5 + 6$

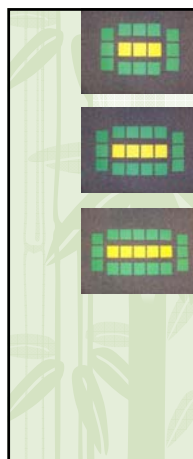

10     $2 \times 10 + 6$

☁     $2 \times \text{☁} + 6$

N     $2 \times N + 6$

What is changing?

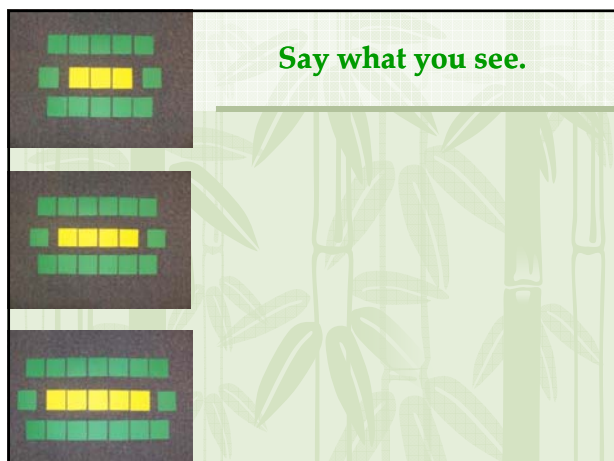

What is staying the same?

---

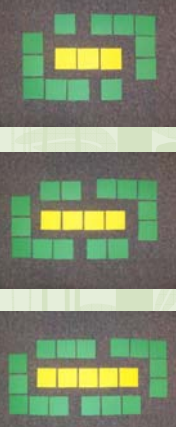

Say what you see.

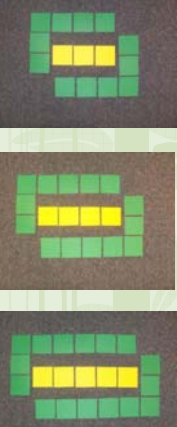

3	$2 \times 5 + 2$	What is changing?
4	$2 \times 6 + 2$	
5	$2 \times 7 + 2$	
10	$2 \times 12 + 2$	What is staying the same?
☁	$2 \times (\text{☁} + 2) + 2$	
N	$2 \times (N + 2) + 2$	

Say what you see.

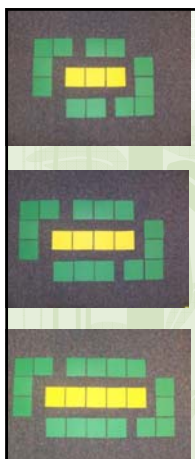

$2(n-2)+10$	$2(n-1)+8$
$2n+6$	$3(n+2)-n$
$2(n+2)+2$	$2(n+3)$

Say what you see.

$2(n-2)+10$	$2(n-1)+8$
$2n+6$	$3(n+2)-n$
$2(n+2)+2$	$2(n+3)$

**Say what you see.**

$2(n-2)+10$      $2(n-1)+8$   
 $2n+6$      $3(n+2)-n$   
 $2(n+2)+2$      $2(n+3)$

**Spot the similarity?**

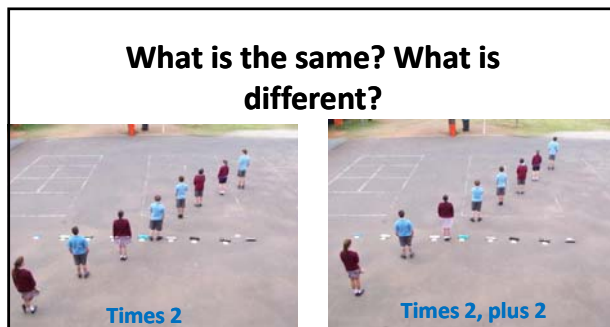

Does everybody move?

Plus 2    Minus 3

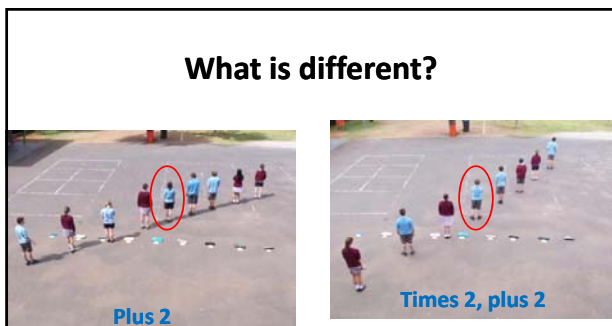

**Spot the difference?**

**What is the same? What is different?**

Times 2    Times 2, plus 2

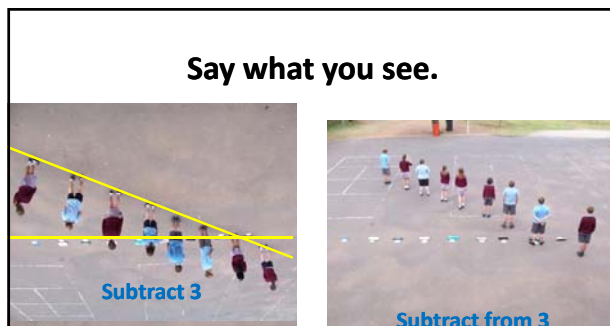

**What is different?**

Plus 2    Times 2, plus 2

**What is the same?**

**Say what you see.**

Subtract 3    Subtract from 3

**Is there a relationship?**

Say what you see.

Say what you see.

### Improving Learning in Mathematics: Challenges and Strategies

Malcolm Swan – 5 Lesson Genres to develop mathematical thinking:

- Classifying mathematical objects
- Interpreting multiple representations
- Evaluating mathematical statements
- Creating problems
- Analysing reasoning and solutions

W1 Subtract your number from 2	W2 Multiply your number by 2, then subtract 3
W3 Multiply your number by 3, then add 1.	W4 Subtract 3 from your number.
W5 Add 2 to your number.	W6 Multiply your number by -1, then subtract 2.
W7 Multiply your number by 2, then subtract 1.	W8

71	Starting number	-2	-1	0	1	2
	Distance walked			-1	1	3
72	Starting number	-2	-1	0	1	2
	Distance walked	-4	0	4		12
73	Starting number	-3	-2	-1	0	1
	Distance walked	1	0	-1	-2	-3
74	Starting number	0	1	2	3	4
	Distance walked		-1	1		5
75	Starting number	-1	0	1	2	3
	Distance walked	3	2	1	0	
76	Starting number	-1	0	1	2	3
	Distance walked	-4	-3	-2	-1	0
77	Starting number	-4	-3	-2	-1	0
	Distance walked	-11		-5		1
78	Starting number	-4	-3	-2	-1	0
	Distance walked	-2		0	1	2

E1	$y = x - 3$	E2	$y = 3x + 1$
E3	$y = -2 - x$	E4	$y = 4x + 4$
E5	$y = x + 2$	E6	$y = 2 - x$
E7		E8	

**E**

WS: Add 2 to your number.

ES:  $y = x + 2$

TS:

Starting number	-4	-3	-2	-1	0
Distance walked	-2		0	1	2

## Chocolate Cake

2 cakes

3 people

$\frac{2}{3}$  cake

### Questions Which Help Mathematicians Learn More

- How much cake does each person get?
- Is there a pattern?
- Who gets the most? How can it be shown?
- Who gets the least?
- What is the difference between each table?
- How do the shares compare to distributing all 6 cakes evenly amongst 10?
- Is this the fairest way of seating 10 people?
- Are there other ways of cutting the cakes?
- Could the best table have been predicted before the guests started arriving? How?

## Newspaper Shapes

Polygons & Polyhedra

Say what you see...

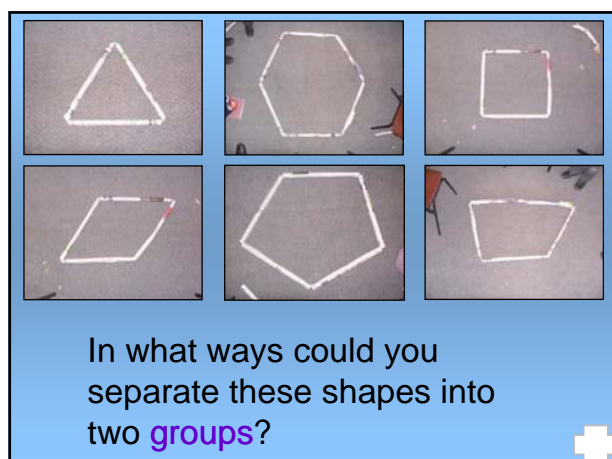

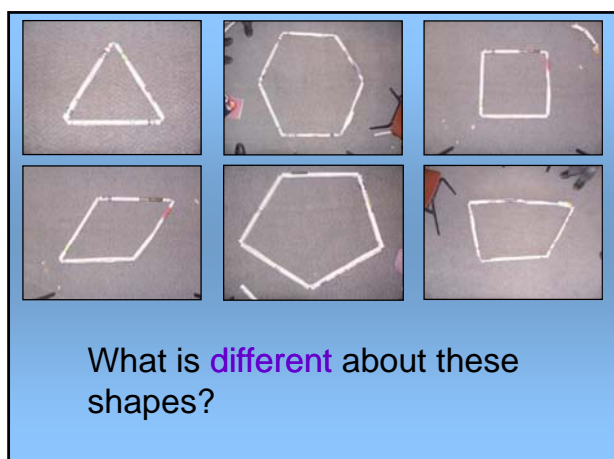

Say what you see...

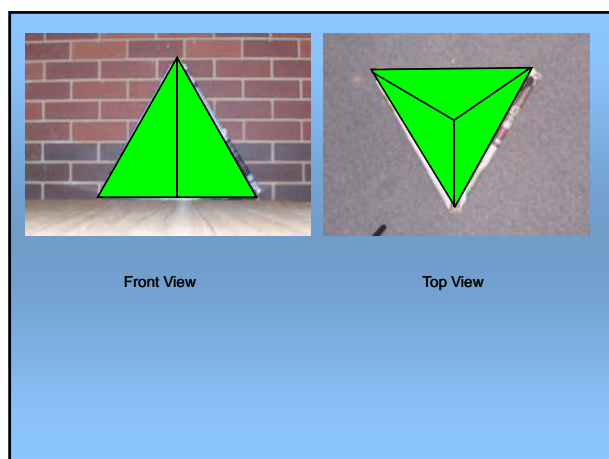

Say what you see...

What is the **same** about all these shapes?

Which is the odd one out?

A

x	-3	-2	-1	0	1	2	3
y	-3	0	3	6	9	12	15

B

x	-3	-2	-1	0	1	2	3
y	-2	0	2	4	6	8	10

C

x	-3	-2	-1	0	1	2	3
y	-5	-2	1	4	7	10	13

Which is the odd one out?

A B C

$y = 3x + 7$        $y - 3x + 5 = 0$        $y = -2x - 5$

**Visualisation****Questioning**

- Recapturing the moment
- Slowing down time (and thinking)
- Engaging learners
- Creating opportunities to make connections
