

FLIP - TOPIC INSPIRATION

EARLY YEARS

Me, my family and my home	<ul style="list-style-type: none"> • My first budget: How might I spend my \$25 or \$50 gift card? • My first hustle: Doing household jobs for payment • How much does it cost my family to flush the loo? Who is the most frequent flusher? • How much does the tooth fairy deliver over my life time and what could it look like?
Out and about in my community	<ul style="list-style-type: none"> • Toastie Tuesday! Plan a fundraiser to help pay for new play equipment. What is a Toastie worth? • What does it cost to host a party? Create a shopping list for the perfect school breakfast event. • Plan a school excursion to the Zoo. How can we decide what is included in the cost of the day?
My environment, society and economy	<ul style="list-style-type: none"> • Setting up a school or community vegetable garden, what do we need and how much will it cost? • Comparing my top ten holiday destinations: How far away are they and how much does it cost to get to each one? Comparing currencies: What does a McDonald's burger cost in different parts of the world?

MIDDLE YEARS

Me, my family and my home	<ul style="list-style-type: none"> • What can I buy with a \$100 gift card? Present different options, ranging from 1 to 10 or more items. • How long will it take to save for a skateboard? What chores do I need to do to earn money? • My first pet: What does it cost to look after a dog, cat etc. • Exploring my household costs - how can I reduce cost, and by how much? • Which phone plan is best? Comparing mobile plans. • My gaming computer - off the shelf or build my own - what is the best value for money?
Out and about in my community	<ul style="list-style-type: none"> • What is the cost of global warming to me, and society? • Planning my holiday • Exploring how second hand markets help the economy. • Fundraising day at school - what business will I create and how much profit will I make?
My environment, society and economy	<ul style="list-style-type: none"> • Can I save money by purchasing solar panels for my home? • Can growing my own vegetables save me money? • What is the real cost of fast fashion? Measure how cheap clothing is impacting communities

SENIOR YEARS (VCAL AND VCE INCLUSIVE)

Me, my family and my home	<ul style="list-style-type: none"> • What mathematics underpins Australia's superannuation system? • What are some good guiding rules for buying now and paying later (via Afterpay or credit card)? • What is the best transport option for me? Compare car ownership with public transport. • My gaming computer - off the shelf or build my own - what is the best value for
Out and about in my community	<ul style="list-style-type: none"> • Why pay tax? Where does it go? • Setting up a small business, how much does it cost, and how do I create a financial plan? • Fundraising day at school - what business will I create and how much profit
My environment, society and economy	<ul style="list-style-type: none"> • Examine a recent government budget announcement. Who wins and who loses, and what does this say about social values? • Explaining block chain technologies. Will it replace money? • What criteria should be considered for "best" buying of a new car? Solar panels for a home? How do government rebate schemes work? How long would it take to break even on your investment in solar?
