

MELBOURNE MATHEMATICS CONFERENCE

3 & 4 JUNE 2026

ELEVATING MATHEMATICS EDUCATION THROUGH CONNECTING THEORY AND PRACTICE

Join us for a dynamic mathematics education conference that brings theory to life in the classroom!

The Melbourne Mathematics conference invites educators, researchers, mathematicians, and industry professionals to come together and explore how evidence-informed insights can transform teaching and learning.

Through engaging keynotes, hands-on workshops, and collaborative sessions, you'll gain practical strategies, deepen your understanding of mathematics, and connect with a vibrant professional community.

The conference will be held over two days (3 and 4 June) at The University of Melbourne. There will be four streams:

- Leadership
- Primary teachers
- Early childhood
- CAS pedagogy

Early bird for MAV members (8 December 2025 - 31 January 2026)	\$290
MAV members	\$330
Non-members	\$412.50
Early childhood MAV members	\$175
Early childhood non-members	\$218.75

This is an excellent opportunity to be inspired, challenged, and empowered to lead change in your school.
